

Key Learning:

- | | |
|---|--|
| 1 | How do people pay for things? Identify different ways of paying for items and discuss advantages and disadvantages of these. |
| 2 | What does budgeting mean? To know what a budget is, why it is important and how and why people spend money in different ways. |
| 3 | How do people feel about money? Explore how money can make us feel, both if you have it and if you don't and how these emotions can affect us. |
| 4 | What happens when people spend money? Explore the ethics of spending and how consumer choices can have a positive impact – fairtrade, environmentally friendly etc |
| 5 | What careers do people have? Exploring the variety of jobs in the working world and considering a preferred career alongside suitability. |
| 6 | Can anyone be anything? Learning about job stereotypes and why they should not limit people's career aspirations. (Link to previous learning about stereotyping – in Families and relationships unit) |
