

**Key Learning:**

- 1 **What are children’s rights?** Explore what a human right is and how the Convention of the rights of the child protect these rights for children. Investigate a few of the rights and how these relate to our lives.
- 2 **How can we ensure all children benefit from the rights of a child?** Understand that both adults and children can help to ensure everyone benefits and what we can do to help.
- 3 **What are the environmental benefits of recycling?** Considering the benefits of recycling and how we can encourage others to do the same.
- 4 **Who lives in our community?** Looking at how local groups make up a community and learning that there are places and buildings for these groups in the community.
- 5 **How can we help charities to care for others?** Learning that charities are organisations that care for others, and the different ways to support a charity, including donating, fundraising and volunteering.
- 6 **Why do we have rules and what are the consequences of breaking rules at school and at home?** Exploring why we have rules and the consequences of breaking rules at school and at home.
