

Books We Know Well in Owl Class and Robin Class

“One of the best ways you can help you children learn and learn to read is to share books with them. Here’s why:

- They get to know the **sounds, rhythms** and **words** used in the way we write. This is different from how we talk, so hearing stories helps children learn how to read.
- They think about the **feelings** of the characters in the book. This helps them as they go about their own lives with other people.
- They think about the **ideas** in the book. This helps them to understand the world and develop “knowledge schema”.
- Sharing books and listening to what your children say about them **shows** your children **that you care** about them, you care about what they think and who they are.”

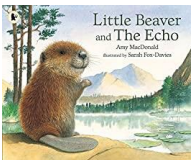

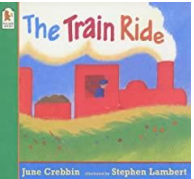

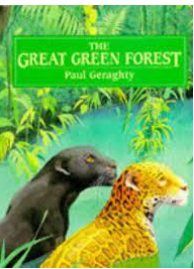

Michael Rosen – Writer, Poet and previous Children’s Laureate

Key Stage 1 “Chapter Books”

As we move into Year 1 and onto Year 2, we look forward to enjoying longer stories, including those with chapters that take perhaps several weeks to finish. We get really excited when we anticipate the next Story Time as we wonder and anticipate what is going to happen next. Sometimes you can even hear us groan as Story Time comes to an end and we plead for the next chapter to be read straight away!

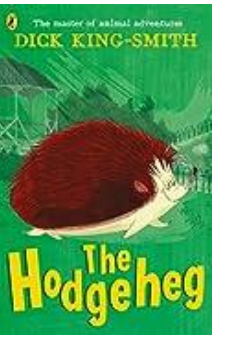

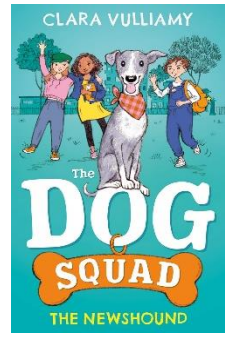

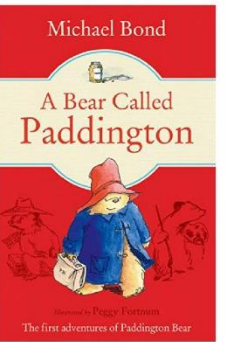

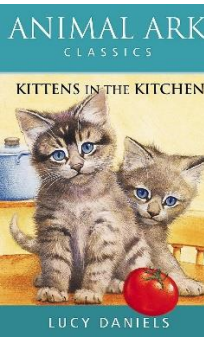

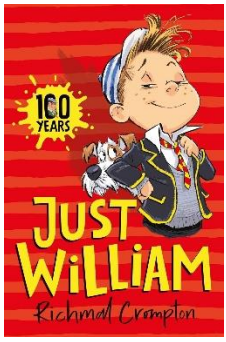

As we progress through Year 2, our independent reading skills improve, and we find that we can read these books all by ourselves.

Year A
