## Worship This Week

Our worship this week focused on **Dementia Action Week**, a time when people across the country learn more about dementia and how we can support those living with it. We talked about how dementia affects the brain and how it can make everyday tasks or memories more difficult for some older people. Through a gentle story, the children explored what it might feel like when someone they love becomes forgetful or confused, and how small acts of kindness can make a big difference. We discussed how showing patience, offering help, and spending time with others are all ways we can live out our Christian value of **responsibility**.

This week reminded us that **it is our responsibility to help**, to notice when others need support, and to be a source of comfort and kindness wherever we can.

## Super Scientists!

This week we were lucky to be joined in assembly by Kerry from Super Scientists. She demonstrated some fun and explosive science experiments and shared information about our school science club (for years 2-6) that will be running after half term. The children were very excited to see science in action, and we enjoyed seeing Kerry's love of science shine through.

If you would like to sign up for the science club on a Wednesdays after school, please see their [website](#).

## Woodpecker Class Performance

Due to a clash with the Guilsborough Academy transition day, we have moved the date of the Woodpecker Class performance to **Thursday 9<sup>th</sup> July**. Performances will take place at 2pm and 6pm.
