19th June 2026

Worship This Week

This week in worship, we explored the beautiful connection between *Maths*, *God*, and the *world around us*. The children thought about how maths isn't just something we learn in class — it's part of the way creation is shaped. We looked at the incredible order, patterns, and structures we see everywhere: the repeating petals on a flower, the symmetry of a butterfly's wings, the rhythm of day and night, and even the way numbers help us measure, build, and understand God's world.

We talked about how Christians believe God created the world with care and purpose, and how maths helps us notice that care in the patterns all around us. The children enjoyed spotting examples of mathematical beauty in nature and in our school environment.

Ofsted

It has been an exceptionally busy week at school with our visit from the Ofsted inspectors. The report will not be published for a few months.

I would like to take this opportunity to thank all the parents who replied to the Ofsted survey and spoke to the inspectors; we really do appreciate your support.

Most of all, a huge 'thank you' to our teachers, support staff and governors who work so hard for our pupils.

Kingfisher Trip to Holdenby House

Kingfisher Class have really enjoyed their trip to Holdenby House today learning more about life during World War II for their history topic.

Dates for the Diary

1st June	First day of term 6
5th June	Sports Day
12th June	Sports Day back up
20th June	Summer Fete
9th July	Woodpecker Class performance
