Worship This Week

This week in worship, we celebrated International Artists Day by learning about the inspiring Mexican artist Frida Kahlo. Frida was famous for her self-portraits, paintings of herself that told the story of her life, feelings and experiences. Through her artwork, she showed that it is important to be proud of who you are and to embrace what makes you unique. We reflected on Frida's message that being yourself is the best you can be. Just as Frida expressed her true self through her paintings, we thought about our own special qualities and how our differences make our school community stronger. What a wonderful reminder that we are all unique, and that is something to celebrate!
